

# COLLECTION 23 / 24

BY HKLIVING

# UNFORGETTABLE *1970s* SPIRIT

The 70s were an era of free spirits and good times, and we're bringing that energy back to life.

# WITH A TOUCH OF VINTAGE CHARM, YOUR HOME CAN BECOME A TIME CAPSULE THAT TELLS A STORY OF THE PAST WHILE EMBRACING THE PRESENT.

Collection 23/24 is multilayered: thanks to the strong foundation of Brazilian modernism, the characterful retro base and the absolute highlights of vibrant Hollywood. This collection invites you to dive deeper into the 70s. The Brutalist design philosophy of 'Brazilian Modernism' is at the heart of the collection. Iconic mid-century shapes, warm materials and refined finishes are reflected in the large basic elements. These include new cabinets, lounge chairs and lighting.

What makes this movement so inspiring are the innovative aspects that turn a piece of furniture into something more than just a functional object - it's a statement of design and aesthetics. Botanical and eclectic prints can be found on the new range of cushions and are paired with playful colour combinations and material choices to create the ultimate retro bungalow feel. The relaxed vibes of outdoor living have been the inspiration for the comfortable lounge elements, while nostalgic shapes can be found in the accessories. All designed to evoke the easy living atmosphere of the 70s. Speaking of which, the 70s ceramics are getting a well-deserved update. From the beloved plates to the retro egg cups as well as new additions such as bonbon bowls and lungo cups.

The collection's most attractive counterpart comes from the relaxed luxury of the bustling Hollywood scene of half a century ago. Inspired by a time when rusticity merged with casual glamour, when groovy parties were made to be remembered forever and, most importantly, when things were not taken too seriously. It was a time of maximalism, expressed in interior design of the highest order. Throughout the collection you will find luxurious textures, golden eye-catchers and a variety of rich finishes. We welcome a brand new lounge chair in four high-profile colours and prints, introduce a new elements sofa that is sure to be on your wish list, and gave the artwork collection an exciting update. For those who like a challenge, we have an exceptional special edition of our latest couch 'Wave'.

Altogether, a multifaceted collection that will require courage and a creative perspective. Give your home a laid-back foundation with generous lounge elements, bold prints and strong colour combinations, and finish it off with some eye-catching accessories. Go all the way this time.
